

Webex for Higher Education

Enable secure virtual learning for universities and improve administrative efficiency

Why Webex:

Administration

Securely enable collaboration solutions

- End-to-end encryption to ensure secure meetings.
- Integrates with Canvas by Instructure, Blackboard Learn, Moodle, Brightspace by D2L, Sakai, and more.
- Centralized management, simple deployment, and easy integration.
- Host virtual info sessions to boost admission rates.
- Join administrative meetings from anywhere on any device.
- Easy-to-use for rapid adoption.

Professors & Faculty

Blend traditional and digital learning

- Create a secure video classroom atmosphere.
- Share documents, whiteboards, and chat messages during lessons to accommodate multiple learning styles.
- Invite subject matter experts from all over the globe to provide guidance and real work experiences.
- Virtual office hours for one-on-one interactions with students at their convenience.
- Administrative control over meeting audio and sharing privileges.
- Easily track attendance and attentiveness during video classes.

Students

A more intuitive way to learn

- Access on-demand learning anytime, anywhere, on any device to increase productivity.
- Create shared spaces for peers to easily communicate on assignments or group projects.
- Virtually raise hands, use question and answer chat, and collaborate on whiteboards for an interactive experience.
- Utilize multiple learning styles with video lectures, file sharing, and whiteboarding.
- Avoid inclement weather with recorded classes or secure video classrooms.

Why CBTS?

CBTS is a Cisco Gold certified partner. CBTS is third-party audited and was given the designation of a Cisco Webex Master Service Provider based on our ability to design, deliver, implement, and support Cisco Webex solutions. We are committed to a successful implementation so we assign a Project Manager to help you every step of the way. We provide free end user and administrative training to ensure a successful on-boarding experience. Support is handled by CBTS 24x7x365 days a year by our U.S.-based Advanced Technical Service team. Cisco Webex is the best-in-class collaboration and meeting solution for business. Companies can minimize wasted time and expense by empowering their employees to meet instantly and securely via any device and collaborate in real time.

We hope to help you with your custom unified communications solution soon. If you have questions or would like to speak with an expert, contact us at [cbts.com](https://www.cbts.com).
